

HOCKEY CATALOG

09.2010

Dear Hockey Administrator:

Many of you know us as the Sanford White Company. Since 2007 we've been Stuart Manufacturing—same staff, same great products!

We're proud to present our updated catalog of stock hockey pins, expanded to include a number of old favorites. It's extremely user-friendly: Clicking on "click for pricing page" will send you directly to the corresponding page for that item, and clicking on "click for item photo page" will send you back to the original page. Please allow 2-3 weeks for delivery on most items.

We can also produce custom pins in a variety of shapes, colors and sizes. Please call for a consultation (800-245-7825).

We hope you find our catalog a pleasure to work with. We welcome your suggestions for changes and improvements.

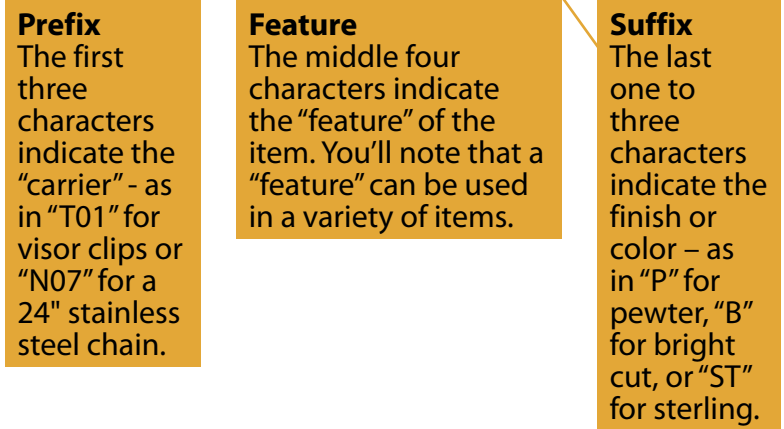

Sincerely,

Stu, John, Missy, Jeanne, Beth and all the rest of us
at Stuart Manufacturing LLC.

Understanding our item numbering system can make ordering easier. Each part of an item's number indicates an aspect of the finished piece, and in most

cases all three "parts" of the number are necessary for your order. A list of some of the "parts" is below.
